# At SKIL® we build quality into every tool.

We've been building power tools for 49 years. Our goal has always been to build them the way you'd expect of Skil.

With rugged dependability. And exceptional ease of operation.

There's more than meets the eye in every Skil power tool. Under the housing is where it counts. Skil Burnout Protected motors are made to withstand hard use and periodic overloads.

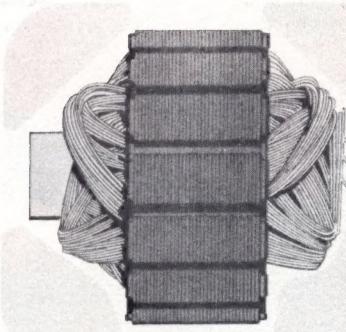

Skil's Safety Brush System reduces the chance of motor damage when brushes wear out. Heavy duty bearings and precision gears help make Skil products the best you can buy.

We do more than talk quality. There's a 90 Day Free Replacement Guarantee with any Skil power tool you choose from this catalog. Plus a Factory Service Guarantee. Professional or hobbyist, you'll get a lot to like with Skil because our performance proves itself in action.

All Skil Electric Tools shown in this catalog have AC switches for operation on 115V AC only unless otherwise specified. All motors are universal for operation on DC or AC, 25-60 Hz (formerly cycles). Speed control tools must be used on Alternating Current (AC) at 50-60 Hz only.

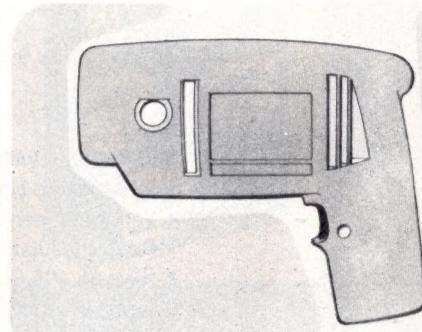

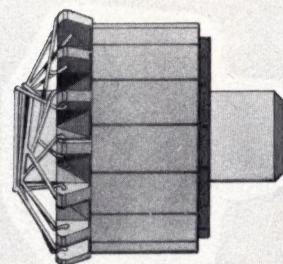

## SKIL 90 DAY FREE REPLACEMENT GUARANTEE

Any Skil Electric Tool listed in the current Consumer Products Catalog which does not perform satisfactorily due to defective materials or workmanship will be replaced free of charge if returned to the dealer from whom purchased within ninety days of purchase date. Accessories are not covered by this policy, nor are tools used in rental service.

A Skil exclusive—polyester resin on all motor windings bonded in place, providing additional resistance against moisture, heat and vibration.

Armature coil wires are welded to commutator for positive electrical contact and greater durability. Skil builds in double protection.

All Skil double insulated power tool housings are precision made from tough polycarbonate for structural strength and light weight.

## GUARANTEE

SKIL Tools are designed to the highest standards of excellence. Precise modern manufacturing techniques together with the use of the best materials available result in products that are rugged, comfortable to hold and assure trouble free service. Every SKIL tool has been carefully inspected at various stages of its manufacture and is guaranteed against defects caused by faulty material or workmanship.

Our obligation assumed under this guarantee is limited to the replacement of parts, which by our

examination are proven to be defective and which have not been misused, carelessly handled, or defaced by repairs made or attempted by others. The guarantee for gasoline tools is limited to 90 days after date of purchase. The complete tool must be returned to the nearest SKIL Factory Service Center or to an authorized Service Station with transportation charges prepaid. No other guarantee of our products, written or verbal, is authorized by us.

# Jig Saws for intricate cuts, scrollwork and attractive wood trim

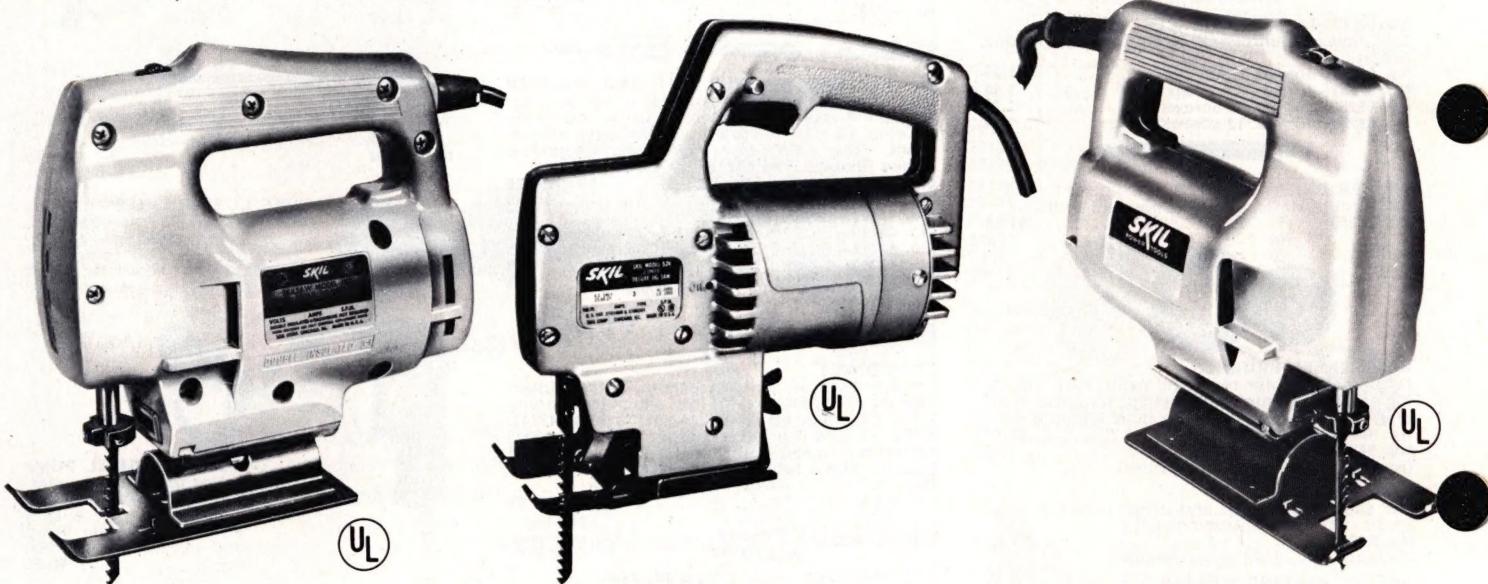

## MODEL 496 DELUXE 2-SPEED JIG SAW

**Features** big 1/4 HP motor  
Double insulated for added safety  
2-speed trigger switch  
plunge cut capability

Long life trigger switch with "lock-on" button for continuous cutting. High and low speeds are pre-selected by setting selector dial. Regardless of the pressure applied on the trigger, the saw will operate only at the pre-selected cutting speed. High speed, 3,500 cutting strokes per minute. Low speed, 2,800 cutting strokes per minute. Powerful 3.2 amp. motor provides power for high or low speed cutting of wood, plastic, metal and composition material. Saw foot tilts 45° left or right. Blower clears cutting line of sawdust. Blade wrench stored in foot assembly to prevent loss. Oil impregnated self-lubricating bearing for years of dependable service.

Capacities: Soft-Wood—1 1/8"; Hard Wood—1"; Aluminum—1/4"; Mild Steel—1/8". Weighs 4 1/4 lbs.

**\$36<sup>99</sup>**

## MODEL 487 2-SPEED JIG SAW

**Double insulated construction**  
**Big 1/4 HP motor**  
**Automatic Blower**

A 2-speed jig saw that offers proper cutting speeds for hard (2,800 SPM) or soft (3,500 SPM) materials. 45° tilting foot, right or left, for bevel cuts. Makes plunge cuts without starting-hole. 2.5 amp. motor. Capacities: Soft Wood—1 1/8"; Hard Wood—1"; Aluminum—1/4"; Mild Steel—1/8". Length of stroke—5/8". Weighs 3 1/2 lbs.

**\$26<sup>99</sup>**

## MODEL 524 2-SPEED JIG SAW

**Rugged 1/5 HP motor**  
**2-Speed Control**  
**Orbital blade action**

This 2-speed jig saw is designed for the home workshop enthusiast as well as the professional. 2.5 amp. motor delivers at low speed 3,000 strokes per minute, at high speed 4,000 strokes per minute to handle cutting of wood, plastic, compositions and metal. Orbital blade action for longer blade life. Single-direction tilting foot with "stops" up to 45°. Automatic blower keeps sawdust off cutting line. Capacities: Soft Wood—1 1/8"; Hard Wood—1"; Aluminum—1/4"; Mild Steel—1/8". Weighs 4 3/4 lbs.

**\$39<sup>99</sup>**

## MODEL 582 SINGLE SPEED JIG SAW

**Dependable 1/4 HP motor**

This single speed model is the ideal light-weight, economical jig saw. You get fast, powerful cutting with the rugged 2.5 amp. motor. Does rip, scroll, crosscut and notching with ease and speed. Even makes its own starting hole for pocket cuts. Zips through metal, plastic, compositions or wood. Comfortable top handle, splinter resistant foot that tilts 45° right or left. Blower keeps cutting line clear of sawdust. Capacities: Soft Wood—1 1/8"; Hard Wood—1"; Aluminum—1/4"; Mild Steel—1/8". Weighs 4 1/4 lbs.

**\$19<sup>99</sup>**

# SKIL® OFFERS A COMPLETE SELECTION TO FIT YOUR NEEDS

## MODEL 499 STANDARD DUTY COMMERCIAL VARIABLE SPEED JIG SAW

Powerful 1/3 HP motor

Double insulated for added safety

Ball and needle bearing construction

Variable speed cutting control

Offers complete speed control, from 0 to 3,500 cutting strokes per minute. Increase pressure on the trigger to increase speed or lessen pressure to decrease speed. You select the most efficient cutting speed for the job being done. An adjusting knob, located on the trigger, enables you to lock-in the speed you desire so that regardless of the pressure on the trigger the saw will not exceed the speed you've locked-in. A button located on the side of the handle allows you to lock the saw in the "on" position for continuous use. With the saw locked "on" you need not continue to squeeze the trigger to keep it operating. There is also a quick release for instant stopping. The 3.2 amp. motor produces power for peak performance whether cutting wood, plastics, compositions, or metal. Makes plunge cuts without starting hole.

Heavy gauge steel foot tilts 45° left or right to insure accurate bevel cuts. Handle positioned for improved balance, built-in blower that keeps cutting line clear of sawdust, convenient blade-wrench storage space on foot. Capacities: Soft Wood— $1\frac{5}{8}$ "; Hard Wood—1"; Aluminum— $1/4$ "; Mild Steel— $1/8$ ". Weighs  $4\frac{1}{4}$  lbs.

**\$49.99**

## MODEL 497 DELUXE VARIABLE SPEED JIG SAW

Variable speed cutting control

Powerful 1/3 HP motor

Double insulated for added safety

Heavy-duty pre-lubricated bearings

A commercial duty jig saw built for heavy work. Whether it is soft wood, hard wood, aluminum, or mild steel this jig saw is designed to do the job better and faster. Adjustable speed control allows the operator to select any speed from 0 to 3,500 strokes per minute by simply adjusting a knob to the desired speed. For bevel cutting work there is a tilting foot, adjustable up to 45° in either a left or right direction. The foot also has large surface area for greater support control and an offset design for "close-in cuts." Blade changing is fast and easy with a hex wrench that can be stored in the foot assembly of the saw. A built-in blower keeps the line of cut clear and easy to follow. Makes plunge cuts without starting hole. 3.2 amp. motor.

Capacities: Soft Wood— $1\frac{5}{8}$ "; Hard Wood—1"; Aluminum— $1/4$ "; Mild Steel— $1/8$ ". Weighs  $4\frac{1}{4}$  lbs.

**\$42.99**

# Jig Saw Kits

**MODEL 487-2 JIG SAW KIT**

Includes MODEL 487 two-speed Jig Saw (Pg. 10), 4 wood cutting and 2 metal cutting blades, rip fence and circle cutting guide plus molded plastic carrying case.

**\$32<sup>99</sup>**

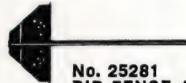

**MODEL 582-2 JIG SAW KIT**

The perfect kit for use around the home. Includes MODEL 582 Single Speed Jig Saw (Pg. 10), 4 wood cutting blades for fast, accurate cutting; 2 metal cutting blades. Also has a rip fence and circle cutting guide. All included in a molded plastic carrying case for your convenience.

**\$24<sup>99</sup>**

## Jig Saw Accessories and Blades

**No. 25281  
RIP FENCE AND CIRCLE CUTTING GUIDE**  
Attaches to all current and previous Skil Jig Saw models. Use to make accurate rip and circle cuts. .... \$2.29

**No. 73220 JIG SAW TABLE**  
Mounts on work bench to convert Models 524, 514, 582-T1 and 482 to table saw. For accurate cutting and intricate work. Table size 10½" x 11¼". .... \$4.95

# SKIL® Recipro Saw

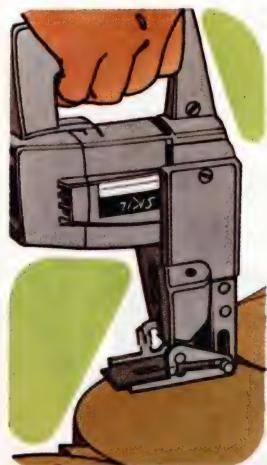

**so versatile  
it cuts anything  
from fence posts  
to metal conduits**

#### MODEL 577 2-SPEED RECIPRO SAW

This two speed model cuts anything from fence posts to metal conduit. An excellent tool to use for pruning trees, shrubs. The 1/5 HP Burnout Protected motor packs plenty of power. Has a 3/4" length of stroke. Includes canted blade, removable handle, wrench with holder. High speed: 2,000 strokes per minute for fast cutting of wood, plastic, compositions (3 amps). Low speed of 1,600 SPM for steel, aluminum or brass (2 amps). Ideal for pocket cuts, roughing-in, scroll work and ripping. Multi-position foot mounts in any of 3 positions to facilitate flush cutting as well as crosscuts, rip cuts and scroll work in all materials. Weighs 5 3/4 lbs.

**\$54.95**

#### NEW RECIPRO SAW BLADES

For all Skil Recipro Saws and most other makes of reciprocating saws. Metal cutting blades are top quality, long life, high speed steel. All other blades are tough, resilient, chrome alloy or high carbon alloy steel.

Part No.	Teeth Per In.	Lgth., In.	Recommended Use	Price
<b>METAL CUTTING</b>

# SKILSAW® Power Saws

**ALL INCLUDE:** Burnout Protected Motor—To sustain periodic overloads without damage. Safety Brush System—Reduces the possibility of motor damage when the brushes wear out; Vari-Torque Clutch—Adjustable to reduce the possibility of kickback; protects motor, gears. Rugged Helical Gears, Machined Housing, Sawdust Ejection System. Extra Heavy Gauge Steel Foot—Formed and ribbed for strength/rigidity. Depth and Bevel Controls—For accurate cuts. Automatic Blower—To keep line of cut clean.

Switch—Safety Switch to help prevent accidental starts. Safety Guard Stop—on Models 559, and 537—Provides stop of blade guard to reduce blade exposure (See Next Page). Arbor—All 5/8" round.

## 7 1/4" MODEL 559 STANDARD DUTY COMMERCIAL BALL BEARING SAW

Ball bearing construction

Double insulated for added safety

Powerful 2 HP 10 amp. motor for tough cutting jobs

Adjustable rip fence

Safety switch, safety guard lift and safety guard stop

For dependability, extra cutting capacity and handling ease, professionals choose this deluxe ball bearing model. Cutting speed 5,200 RPM. Has large, easy to use bevel and height adjusting controls for accurate cuts. Cuts 27 1/2" at 90° and 17 1/8" at 45°. Weighs only 9 1/8 lbs. Includes a 2-prong plug—no grounding adapter needed—adjustable rip fence, Chrome Hardtooth Combination Blade and blade wrench.

**\$54.99**

## 7 1/4" MODEL 537 DELUXE SAW

Double insulated for added safety

Rugged motor develops 1 1/8 HP

Equipped with adjustable rip fence

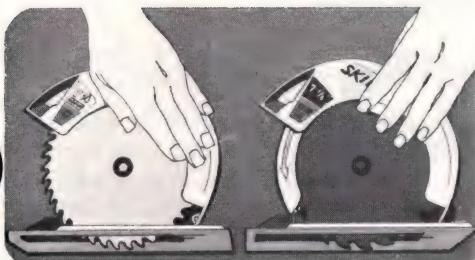

Safety switch, safety guard lift and

safety guard stop

You'll get big cutting and easy handling with this deluxe model. The powerful 10 amp. motor develops 1 1/8 HP to handle tough cutting jobs. 5,200 RPM cutting speed. Cuts 2 3/8" at 90° and 1 7/8" at 45°. Has a 2-prong plug, needs no grounding adapter. The choice of the professional and home craftsman. Includes rip fence, chrome Hardtooth Combination Blade and blade wrench. Weighs 9 lbs.

**\$39.99**

Without Safety Guard Stop, guard can be manually raised to expose rear of blade.

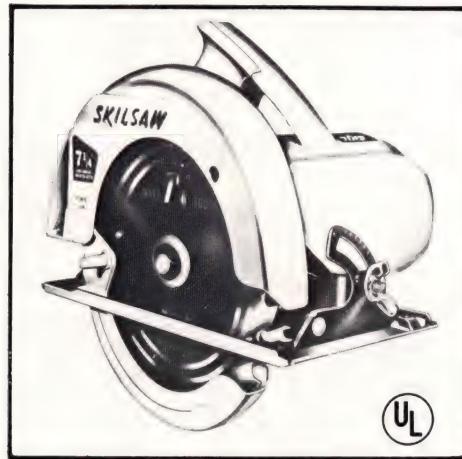

Safety Switch—Button must be pressed before saw can be started. Helps prevent unintentional starts.

With Safety Guard Stop, guard cannot be manually raised above saw foot.

Safety Guard Lift—Convenient to reach and operate but located away from the blade for safety.

#### 7 1/4" MODEL 574

Dependable 1 3/4 HP motor  
Lightweight, only 9 1/2 lbs.

Here's the saw with extra cutting capacity and handling ease for the home craftsman. Delivers 5,200 RPM cutting speed with 10 amp. 1 3/4 HP motor. 7 1/4" blade cuts 2 3/8" deep at 90°; 1 7/8" at 45°. Weighs 9 1/2 lbs. Includes Hardtooth Combination blade and wrench.

**\$29.99**

#### 6 1/2" MODEL 534

Rugged 1 1/4 HP motor  
Weighs only 8 3/4 lbs.

This model will handle your home project cutting jobs with speed and accuracy. 5,500 RPM cutting speed with 9 amp. 1 1/4 motor. Will bevel cut 2" dressed lumber at 45°. Lightweight, only 8 3/4 lbs. Includes Hardtooth Combination blade and blade wrench.

**\$27.99**

## SKILSAW® Heavy-Duty Commercial Saws

more power...more capacity  
for professional service

All ball and needle bearing construction  
Hardened helical gears deliver more torque  
Push button blade lock for quick blade change

#### 8 1/4" MODEL 554

The most powerful saw in its class. The rugged 13 amp. 2 1/2 HP motor handles any cutting job. Cutting speed of 5,200 RPM. Cuts a full 2 7/8" at 90° and 2 1/8" at 45°. Built for the most rugged use. AC-DC, 115V. Weighs 13 3/4 lbs. Includes Combination Blade and blade wrench.

**\$99.95**

#### 7 1/4" MODEL 553

The powerful 12 amp. 2 1/4 HP motor has a cutting speed of 5,200 RPM. Cuts 2 3/8" at 90° and 1 7/8" at 45°. Built to take on the tough jobs. AC-DC, 115V. Weighs 13 1/2 lbs. Includes Combination Blade and blade wrench.

**\$89.95**

#### 6 1/2" MODEL 552

One of the three top-rated saws for professionals. Powerful 10 amp. 1 7/8 HP motor. Has cutting capacity of 2 3/16" at 90°, cuts 2" dressed lumber at 45° bevel. Cutting speed of 5,800 RPM. Lightweight only 11 1/4 lbs. Includes Combination Blade and blade wrench.

**\$79.95**

# SKILSAW® accessories and blades

**No. 42520  
PLASTIC CARRYING CASE**  
Has molded interior for Skil-saw Models 416, 417, 533, 534, 536, 537, 559, 574. Room for blades and other accessories. .... \$11.95

**No. 26099  
METAL CARRYING CASE**  
Heavy gauge steel with special brackets for saw. Room for blades and other accessories. For all 5 1/2" thru 8 1/4" saws. .... \$19.75

**No. 71020 PORT-A-PAK SAW CASE**  
Models 537, 574, 559. .... \$7.95

## RIP FENCES

Quickly attach to saw foot. Adjustable, eliminates need for repeated measuring.

## No. 13722 ADAPTER

For use on tool with 3-prong plug at standard 2-prong outlet. For 115V tools only. .... \$ .75

## DIAMOND-ROUND ADAPTORS

For using blades and wheels on round arbor saws, or for changing round arbor sizes.

Snap-in adapters—  
for diamond or round arbor saw blades

No.	For Converting	Price
24480	Diamond to 1/2" Round	\$ .10
24479	Diamond to 5/8" Round	.10
24478	Diamond to 3/4" Round	.10
67471	5/8" Round to 1/2" Round	.20
67472	3/4" Round to 5/8" Round	.20

Fiber adapters—For cut off wheels and Perma-Grit Blades

No.	For Converting	Price
17009	Diamond to 1/2" Round	\$ .10
17010	Diamond to 5/8" Round	.10

## SKIL SAW BLADES for all portable and bench saws

### ARBOR (CENTER OPENINGS) STYLE

**Diamond Hole Blades**—Have diamond shaped center hole.

**Round Hole Blades**—Have round shaped center hole only, for either 1/2", 5/8", 3/4" or 1" round arbor saws.

**Multi-Round Hole Blades**—Have round "Knock-Out" bushings only, for either 1/2", 5/8", 3/4" or 1" round arbor saws.

**"Knock-Out" Diamond and Round Hole Blades**—Have diamond and round "Knock-Out" bushings for either diamond, 1/2" or 5/8" round arbor saws.

### CHISEL TOOTH COMBINATION

For cross-cut and rip work. Have fewer teeth than combination for faster cutting, easier to resharpen, but gives slightly rougher cut.

### COMBINATION

For cross-cut and rip work. Most frequently used SKIL Saw Blade for general carpentry.

Part No.	Dia.—In.	Arbor Size—In.	No. Teeth	Price

# SKIL® Routers

make decorative woodworking  
easier to do...more fun

## MODEL 548 ROUTER

Economical router for the home

Powerful 1/3 HP motor

Compact, lightweight for easy operation

Has 3.7 amp. motor that delivers 25,000 RPM. The Model 548 enables you to route, groove, dado, bead, mortise and rabbet...make decorative edging and molding cuts on tables, and mantels quickly and easily. Veneer trimming of cabinets or bookshelves and laminate trimming of counter tops will have that professional look. Built-in spindle lock permits you to change bits easily. Has contoured handles for comfortable handling and control plus a plastic eye shield for added safety. Convenient sliding "ON-OFF" switch, 1/4" collet and wrench. Weighs 4½ lbs.

**\$36.99**

## MODEL 548-2 ROUTER KIT

Kit includes: 548 Skil Router with plastic safety shield and built-in spindle lock for easy bit changing. Straight router bit, straight and circular edge guide and handy plastic carrying case.

**\$49.99**

## Commercial-Duty Routers

### MODEL 295 Commercial-Duty ROUTER

Big 1/2 HP motor

Features ball bearing construction

Micrometer adjustment for accurate settings

Used by carpenters, cabinet makers and home craftsmen. Made to deliver years of trouble-free service. The powerful 4.7 amp. motor delivers 23,000 RPM. Does routing, grooving, dadoing, beading, rabbeting, mortising. And it's ideal for laminate trimming and door hanging. Has a built-in spindle lock for easy bit changing. And it converts to a 2 3/8" edge plane with the No. 3650 Attachment. Includes: non-marring sub-base, recessed toggle switch, 1/4" collet and wrench. AC-DC, 115V. Weighs 5 1/2 lbs.

**\$66.95**

### MODEL 297

Commercial-Duty ROUTER

Extra powerful 7/8 HP motor

Quality ball bearing construction

Micrometer adjustment for accurate settings

Here's a powerful router for heavy duty projects. The 6.5 amp. motor delivers 23,000 RPM. Ideal for routing, grooving, beading, dadoing, rabbeting and mortising. Will handle laminate trimming and door hanging. Has a built-in spindle lock for easy bit changing. Ball bearing construction assures years of service. Converts to a 2 3/8" edge plane with No. 3650 Attachment. Includes: non-marring sub-base, recessed toggle switch, 1/4" collet and wrench plus eye shield. AC-DC, 115V. Weighs 6 lbs.

**\$76.95**

### MODEL 295-1 ROUTER KIT

Features the Model 295 1/2 HP Router. Includes 1/4" straight bit, straight and circular edge guide. The entire kit is packed in a metal carrying case.

**\$84.95**

### MODEL 297-1 ROUTER KIT

Features the Model 297 7/8 HP Router. Includes 1/4" straight bit, straight and circular edge guide. The entire kit is packed in a metal carrying case.

**\$94.95**

# SKIL® Router Accessories

## ROUTER ACCESSORIES FOR MODEL 548 ONLY

### No. 301120 ROUTER ACCESSORY KIT

For Model 548. Includes straight and circular edge guide,  $\frac{1}{8}$ " and  $\frac{1}{4}$ " straight bits, core box bit and rounding over bit ..... \$15.50

### STRAIGHT AND CIRCULAR EDGE GUIDE

For accurate spacing of router cuts. No. 69950—For Model 548 ..... \$3.25

### No. 73261 CARRYING CASE

For Model 548 router ..... \$10.50

### CARBIDE TIPPED LAMINATE TRIMMERS

Long life, carbide tipped cutters professionally trim wood veneer and plastic laminates.

High speed ball bearing guides cutter precisely and evenly without burning or marring delicate veneers and laminates. Each cutter is available as a separate unit, therefore only one arbor is necessary.

#### No. 69054 22° BEVEL LAMINATE TRIMMER COMPLETE

Consists of No. 69055 Arbor & No. 69056 Bevel Cutter. \$20.50

#### No. 69055 ARBOR

Complete with No. 69059  $\frac{5}{8}$ " dia. high speed ball bearing, two spacer washers and nut. Has  $\frac{1}{4}$ " shank and  $\frac{1}{4}$ " arbor. For use with all cutters listed below. .... \$6.95

Bevel Cutters have  $\frac{1}{4}$ " arbor hole. Use with No. 69055 arbor.

#### No. 69056 22° BEVEL CUTTER

.... \$13.25

#### No. 69057 45° BEVEL CUTTER

.... \$14.25

#### No. 69058 FLUSH CUTTER

Has  $\frac{1}{4}$ " arbor hole and  $\frac{5}{8}$ " O.D. Use with No. 69055 arbor. .... \$13.95

#### No. 69059 5/8" DIA. BALL BEARING

Same as furnished with No. 69055 arbor. .... \$3.75

#### No. 69060 13/16" DIA. BALL BEARING

For use with No. 69056, 22° and No. 69057, 45° Bevel Cutters on the No. 69055 arbor. Allows operator to wear two different areas on the cutter edge before resharpening. .... \$5.25

#### No. 20717 SPIRAL CUTTER

Replacement for No. 3650 Plane Attachment. .... \$12.95

**No. 5000 ROUTER MOTOR**—For use with No. 17067 Router Base and No. 3650 Edge Plane Attachment. Includes wrench, built-in spindle lock.  $\frac{7}{8}$  h.p. .... \$66.95

### No. 17067 ROUTER BASE

For use with No. 5000 Motor to make router identical to Model 297 Router ..... \$14.50

**STRAIGHT AND CIRCULAR EDGE GUIDE**—For accurate spacing of router cuts.

#### No. 16890

For Models 295, 297. .... \$6.75

**No. 69380 FINE ADJUSTING ATTACHMENT**—Attaches to No. 16890 for making fine adjustments. Permits exact spacings. \$4.50

**No. 43730 ROUTER CARRYING CASE**—For Model 295 and 297 and accessories ..... \$12.00

No. 19133 $\frac{3}{32}$ " small dovetail .....	\$ 4.75
No. 19134 $\frac{1}{16}$ " large dovetail .....	5.75

#### No. 17070 HINGE-BUTT TEMPLATE KIT

For 7"-11" hinge spacing.  
Eliminates need for measuring, calculating and laying out.  
Designed specifically to simplify and greatly speed up mortising for hinge butts on 6'8" or 7' wood doors and jambs with 7"11" hinge placements.  
Mortises 2 1/2" to 5 1/2" size hinges with Model 295, 297 or 548 Routers.  
"Rectracto" pins automatically locate template on jambs for either 1 3/8" or 1 3/4" door thickness.  
Packed in steel carrying case. Easy-to-follow instructions included.  
Equipment: Three templates with connecting rods, height gauge, nail puller, extra nails, carrying case, No. 17088 Surfacing Bit, No. 17089 Template Guide, No. 11587 Lock Nut and No. 17831 Corner Chisel \$84.50

#### UNIVERSAL ROUTER/SHAPER TABLE No. 71025

Ideal for shaping and jointing small materials that are normally difficult to handle. Build picture frames, plaques, or easily add a decorative touch to mouldings. Features miter gauge for safe cutting at any angle.  
Accepts Skill Model 295, 297 and 548 Routers, as well as most competitive routers ..... \$14.95

No. 68414 HINGE ROD KIT—For 5"-10" Hinge Spacing. Use with No. 17070 Template Kit to Mortise wood doors to match 5"-10" hinge placement on premortised metal door jambs.

Height Gauge Assembly, 2 spacing bars. .... \$6.50

No. 17831 CORNER CHISEL—For squaring mortises when installing square cornered hinges. Easy to use, accurate. Same as furnished with No. 17070 Template Kit. .... \$4.75

No. 19250 BIT SHARPENING ATTACHMENT—For sharpening high speed steel router bits. Sharpens 1/4" and 1/2" shank router bits. Adjustable for one, two and three cutting edges. Includes grinding fixture, adaptor, No. 20199 grinding wheel, 2 hex wrenches.

\$40.00

No. 20199  
REPLACEMENT GRINDING WHEEL  
for No. 19250 Sharpening Attachment. .... \$1.75

Precision ground, high-speed tool steel and carbide-tipped bits for every routing, forming, veneer and laminate trimming application. All have 1/4" shank unless otherwise indicated in ( ).

##### H BEADING BIT—TWO FLUTES WITH PILOT

High Speed Tool Steel  
No. 11572—1/8" .... \$ 5.75

No. 19136—1/4" .... 12.50

##### Q VENEER TRIMMING BIT—TWO FLUTES—22 1/2° BEVEL

Carbide Tipped  
No. 19627—1 1/2" .... \$ 7.95

#### COLLET ADAPTORS

For reducing collet diameters to permit use of bits with smaller diameter shanks.

Part No.	Price	For Collet Size	For Bit Shank Size
11583	\$1.50	1/4"	1/8"
11584	1.50	1/4"	3/16"

#### VENEER AND LAMINATE TRIMMING ATTACHMENTS

For smooth, accurate trimming of wood veneer and plastic laminates. Excellent for use in furniture construction, for counter and sink tops, kitchen and bath "built-ins" and more. Adjustable for both flush and bevel trimming with one bit. Order components listed below: For use with Models 295 and 297 Routers, order No. 19200, No. 19627 and No. 19628. For Model 548 order No. 19200, 19627.

No. 19200 VENEER TRIMMING GUIDE—Attaches to No. 19628 Sub-Base or directly to 548 Router for veneer trimming.

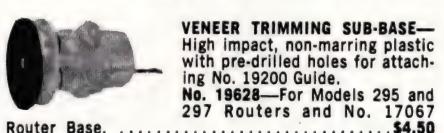

- Non-marring nylon guide roller wheel
- Includes set-up pin for centering bit exactly with guide wheel
- Use with No. 19627 bit. .... \$9.95

##### No. 19627 CARBIDE TIPPED BIT

Precision ground combination bit for both flush and bevel cutting of wood veneers, plastics and decorative laminates.

- Two flute type with 22 1/2° bevel angle
- Use with No. 19200 Guide. .... \$7.95

VENEEER TRIMMING SUB-BASE—High impact, non-marring plastic with pre-drilled holes for attaching No. 19200 Guide.  
No. 19628—For Models 295 and 297 Routers and No. 17067 Router Base. .... \$4.50

##### R "V" GROOVING BIT—TWO FLUTES

High Speed Tool Steel  
No. 19129—1 1/2" .... \$ 4.95  
No. 19130—7/8" .... 7.75

##### S 22° LAMINATE TRIMMING BIT

No. 73398. .... \$ 7.05

##### T ROUNDING OVER BIT—TWO FLUTES WITH PILOT

High Speed Tool Steel  
No. 11556—1/4" .... \$ 6.35  
No. 11559—3/8" .... 6.85  
No. 11558—1/2" .... 7.75

#### TEMPLATE GUIDES

For guiding routers along patterns and templates when duplicating designs. Guide has 13/16"-24 thread (D). See illustration below. Eliminates possibility of bit cutting pattern. Guides attach to sub-base with No. 11587 lock nut. (Order separately). Not included with sub-base.

Part No.	Price	DIMENSIONS		
		A	B	C
11591	\$3.25	3/8"	3/8"	1 1/8"

11587	.85			Lock nut for template guides.

\*For hinge-butt mortising; all other guides for general routing.

# SKIL Sanders/Polishers

**MODEL 490 ORBIT/LINE SANDER**

Dual action sander for fast stock removal or swirl-free finishes

Big 26 1/4 square inch sanding pad

Double insulated for user safety

Produces swirl-free surfaces when using straight line sanding action. Move selector lever and sander goes into orbital action for stock removal. Double insulated construction with 1/5 HP motor. Sands flush to vertical surfaces, gets into corners. Weighs only 5 1/4 lbs. Regularly \$29.99 Now

**\$19.99\***

**MODEL 595 3" STANDARD DUTY COMMERCIAL DUSTLESS BELT SANDER**

Features an efficient, built-in dust pick up. Sands flush to any vertical surface on wood, compositions or metals. Includes: Self tensioning pulley for perfect belt tracking and convenient belt centering control. Cog belt drive requires no lubrication. 3/4 HP Burnout Protected motor delivers 1,000 feet per minute—no load. Easy-to-empty dust pickup bag keeps your work area clean. Weighs 10 lbs.

**\$74.95**

**MODEL 594 3" STANDARD DUTY COMMERCIAL BELT SANDER** (Same as Model 595 w/o dust pick up)

For fast sanding of wood, compositions and metals, the Model 594 is the right choice. There's real quality and power in this efficient belt sander. Sands flush to any vertical surface. The rugged 3/4 HP Burnout Protected motor delivers a belt speed of 1,150 feet per minute—no load. Has a self tensioning pulley for perfect belt tracking and a convenient control for belt centering. The cog belt drive requires no lubrication. Weighs 9 1/2 lbs.

**\$64.95**

**MODEL 409 ORBITAL SANDER**

Double insulated construction

Lightweight for vertical or overhead use

For fast, smooth surfacing of walls, woodwork, furniture—unfinished or painted wood, compositions. Works ideally in corners and other confined areas. The 26 3/4 square inch sanding pad covers a large area quickly. The powerful 1/5 HP motor delivers 4,000 orbits per minute. Has a handy thumb slide switch. Weighs 4 1/2 lbs.

**\$24.99**

**MODEL 120 6" POLISHER-SANDER KIT**

Here's the ideal tool for repairs, furniture or car polishing—at home, at the service station or garage. Powerful 1/4 HP Burnout Protected motor develops 2,000 RPM. Weighs 3 1/4 lbs. Converts to a powerful 1/4" drill by adding a chuck. Includes polishing pad, rubber backing pad, pad nut, sanding discs (fine, medium, coarse), removable side handle, wrench.

**\$34.99**

**MODEL 490-2 ORBITAL SANDER KIT**

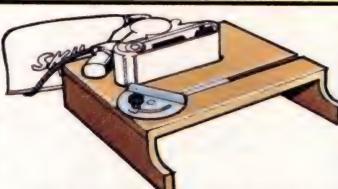

Model 490 double insulated, dual action sander, for orbital or straight line sanding, 6 sheets of assorted grits of sandpaper, 1/4 pound can of Plastic Wood, a putty knife, all packed in a sturdy handsome, molded carrying case.

**\$34.99**

## SANDER ACCESSORIES

**BELT SANDER FIXTURE With Miter Guide**

Increases versatility of sander by providing working surface suitable for accurate contour and angle forming. For Models 594 and 595.  
No. 73395.....\$12.95

**No. 27999 UTILITY CARRYING CASE**  
Plastic carrying case that holds Models 120, 409 and 490.  
Interior size: 12 x 8 x 3".....\$ 5.45

**SANDING SHEETS**

3 5/8" x 9" (5 sheets per pkg.)  
Made with quality aluminum oxide abrasive for sanding wood or metal.

Part No.	Description	Price Per Pkg.

# SKIL® Lawn & Garden Tools

## MODEL 413 Double Insulated DELUXE DOUBLE EDGE HEDGE TRIMMER

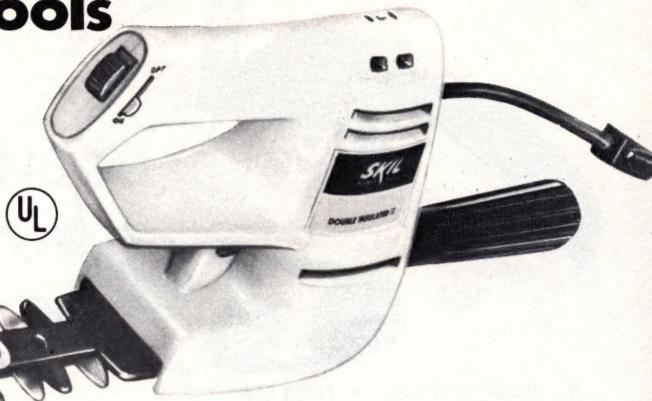

Extra long 16" double edged blades

Double insulated for user safety

Powerful 1/5 HP motor

An exclusive SKIL design—perfectly balanced for one hand use. The double action reciprocating blades reduce tool vibration. Double edged blades cut left or right, up or down for faster trimming. Handy thumb slide switch. 2.5 amp. motor delivers 1,800 strokes per minute. Weighs only 5 1/4 lbs.

**\$39.99**

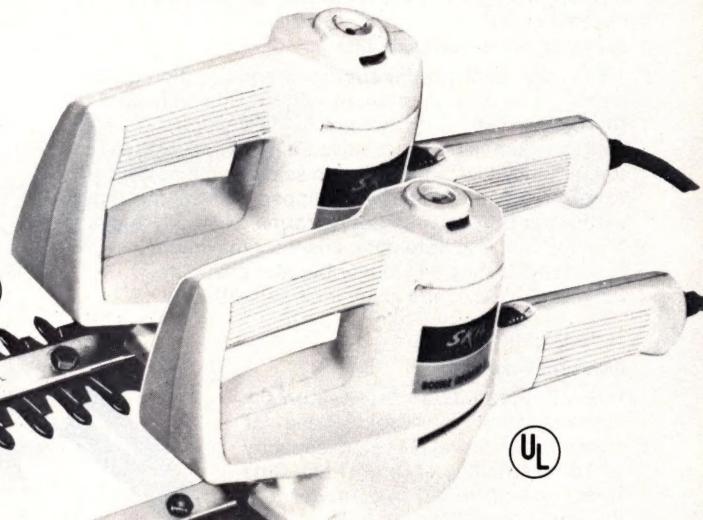

## MODEL 532 DOUBLE INSULATED, DOUBLE EDGE, HEDGE TRIMMER

Double insulated for safety 16" double edged blades Safety slide switch

Here's a new addition to the Skil line of lawn and garden tools. 22 movable cutting teeth per side allows efficient cutting left or right, up or down. 16 inch blade with deep-tooth design cuts a wide swath. Powerful 2.5 amp. 1/5 HP motor delivers 3,600 cutting strokes per minute. Has a balanced handle design with new safety slide switch to help prevent unintentional starting operation. Weighs only 4 3/4 lbs.

**\$29.99**

## Model 528 Double Insulated, DOUBLE EDGE HEDGE TRIMMER (NOT SHOWN)

Double insulated for safety  
13 1/2" double edged blades

The double edge blades make cutting more efficient—cut to the left or right, up or down! The 13 1/2" long blade cuts a wide swath. The powerful 2.5 amp. 1/5 HP motor delivers 3,600 cutting strokes per minute. Has a balanced handle design with new safety slide switch to help prevent unintentional starting. Weighs only 4 1/2 lbs.

**\$24.99**

## ACCESSORIES

### STORAGE SHEATH—No. 69385

For all Hedge Trimmers shown above. Protects the cutting blades ..... \$2.69

### REPLACEMENT BLADES—No. 43413

7" blade for Model 539 Trimmer Edger. \$1.95

### EXTENSION CORD

Bright yellow color to stand out in grass.

No. 73724 50' of 3-wire 16 gauge cord. \$ 9.99

No. 22401 100' of 3-wire 16 gauge cord. 21.95

### DOUBLE INSULATED TOOL CORDS

No. 69372 — 50' of 2-wire 16 gauge cord. ..... \$8.50

No. 73375 100' of 2-wire 16 gauge cord ..... \$19.95

### CORD LOCK—No. 23777

Locks tool cord to extension cord securely. Prevents accidental disconnection. \$ .25

### No. 252 LUBRICANT

5 1/2 oz. tube. Compounded specially for Skil tools. Use for gear case of all saws, drills, hedge trimmers and grass shears listed in this catalog. ..... \$ 1.25

## MODEL 527 Single Edge HEDGE TRIMMER

Double insulated construction for added safety  
Lightweight, only 4 lbs.

Here's a great value in a low cost, quality hedge trimmer. Has 13" long cutting blades. Deep-tooth design allows branches to be cut cleanly in one stroke. The powerful 1/6 HP 2.3 amp. motor delivers 3,600 cutting strokes per minute. Has a balanced handle design with new safety slide switch to help prevent unintentional starting. Double insulated for added safety. Lightweight—only 4 lbs.

**\$19.99**

## MODEL 539 TRIMMER-EDGER

This practical dual-purpose Trimmer-Edger is designed for tough, day-long use. The 4 amp. motor develops 1/3 h.p. Has slip clutch to protect against motor overload. Converts from Trimmer to Edger by simply turning the head from Trimming to Edging position. Thumb switch automatically returns to "off" when thumb pressure is released. Large wheels provide easy maneuverability. Blade speed 17,000 RPM. Weighs 7 1/2 lbs.

**\$39.95**

Prices subject to change 21  
without notice.

# SKIL® Chain Saws

**\$129.95**

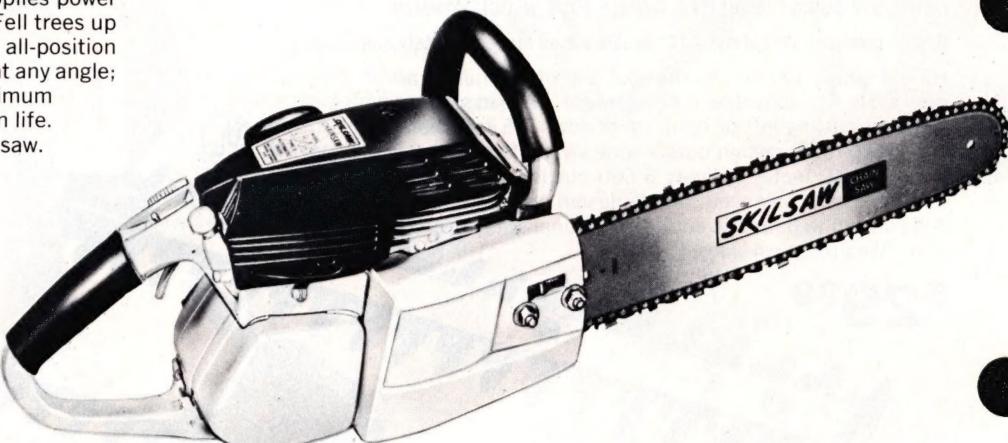

## 12" MODEL 1610 GASOLINE CHAIN SAW

Lightweight, weighs only 6½ lbs. (without bar and chain)

Powerful engine

Automatic and manual chain oiler

This is the ideal saw for suburban and vacation home owners, campers, sportsmen and anyone who wants the most powerful lightweight of them all. Its 2.2 cu. inch displacement direct drive engine supplies power to cut heavy logs and timber in seconds. Fell trees up to 24 inches in diameter. Equipped with all-position carburetor that assures full performance at any angle; both manual and automatic oilers for maximum cutting efficiency and longer bar and chain life. 12" reversible bar, and chain included with saw.

## 16" MODEL 1612

### GASOLINE CHAIN SAW

Has all the outstanding features—lightweight, power, handling ease—of Model 1610 (above) plus extra capacity of 16" reversible bar, and chain. Cuts trees, logs up to 32" in diameter. 6½ lbs. (less bar & chain).

**\$139.95**

## 16" MODEL 1645 GASOLINE HEAVY DUTY CHAIN SAW (ABOVE)

Rugged engine

Automatic and manual oiler

Fuel primer for easy starts

A deluxe unit with top quality features, this model is the choice of farmers, professional landscapers and tree surgeons. Automatic oiler provides proper flow of oil during cutting. When cutting gets tough, manual oiler allows you to add additional oil. The 4.2 cu. in. engine provides power for the toughest jobs. Equipped with all-position carburetor, front mounted exhaust, flush cut front handle, 16" Stellite tip bar and guard chain. Will accommodate up to 24" reversible bar, and chain. Weighs 13½ lbs. (Without bar and chain.)

**\$239.95**

## 16" MODEL 1631 GASOLINE SAW

Dependable engine

Accommodates bar and chain 15" to 24"

A powerful model for heavy duty use on farms, summer homes anywhere tough cutting jobs may be encountered. Has 4.2 cu. in. engine, delivers the power that makes every job easy. Equipped with manual oiler for chain lubrication, a flush cut front handle, 16" Stellite tip bar and guard chain. Will accommodate up to 24" reversible bar, and chain. Weighs 13½ lbs. (less bar and chain.)

**\$199.95**

# Ideal for felling trees, trimming trees, cutting firewood, clearing brush and undergrowth

## 14" MODEL 1602 ELECTRIC CHAIN SAW

Heavy duty 2 1/4 HP 13 amp./motor

Double insulated for added safety

Centrifugal clutch to help prevent motor  
overloading

10' Cord

AC/DC safety switch can be used with  
any type of electrical outlet of sufficient  
power.

Cuts logs up to 28" in diameter, rough in  
flooring or duct work, trim trees, cut  
lumber larger than circular saw capaci-  
ties and any type of general construction  
rough work. It can even be used in-doors.  
This 14" chain saw is the finest electric in  
the Skil line. Built-in manual oiler, oil  
chamber and oil fill indicator. Keeps  
proper lubrication on the bar and chain  
and automatically tells the operator when  
the oil chamber needs re-filling. Bucking  
spike is standard equipment for better  
engagement between the saw and the  
work. Includes safety stop brush system  
to reduce the chance of motor damage if  
the brushes wear out and a burn-out  
protected motor. Ball and needle bearing  
construction. Reversible cutting bar.

Weight: 9 1/2 lbs.  
(less bar & chain).

**\$109.95**

## 12" MODEL 1601 ELECTRIC CHAIN SAW

Powerful 2 HP, 12 amp. motor

Double insulated for added safety

Centrifugal clutch to help prevent motor  
overloading

An excellent compact 12" chain saw for  
use on tree trimming, firewood cutting,  
home improvement projects. Includes  
manual oiler, easy to use chain tension  
adjustment, reversible cutting bar. May  
be equipped with 14" bar and chain as an  
optional extra. Includes new safety switch  
to help prevent accidental starts; bar  
length, 12": weight, only 8 3/8 lbs. (less bar  
and chain).

**\$89.95**
